

PRESCRIBING INFORMATION

Movelat Cream/Gel Prescribing Information Mucopolysaccharide polysulphate, Salicylic acid.

Product Authorisation Holder: Genus Pharmaceuticals Ltd., Linthwaite, Huddersfield, HD7 5QH, UK.

Marketing Authorisation number: Cream: PL 06831/0176. Gel: PL 06831/0177.

Legal classification: P.

Product name: Cream: Movelat Cream / Movelat Relief Cream. Gel: Movelat Gel / Movelat Relief Gel / Movelat Relief Sport Gel.

Ingredients: Mucopolysaccharide Polysulphate (MPS). Salicylic Acid.

Indications: A mild to moderate anti-inflammatory and analgesic topical preparation for the symptomatic relief of muscular pain and stiffness, sprains and strains and pain due to rheumatic and non-serious arthritic conditions.

Adverse reactions: Uncommon: Local skin reactions/irritations (e.g. redness, burning sensation or rashes).

Precautions: For external use only. Keep away from the eyes. The stated dose should not be exceeded. If the condition persists or worsens, consult a doctor or pharmacist. Side effects of salicylates are theoretically possible. Consult a doctor or pharmacist before use if pregnant, breast-feeding, asthmatic, have pre-existing renal damage or on any prescribed medicines (inc. coumarin anticoagulants). Salicylic Acid may increase skin permeability for other topically applied medicines. Some people may experience discomfort, particularly those with sensitive skin or if used in hot weather or after a bath. Wash hands immediately after use. Discontinue use if excessive irritation or other unwanted effects occur.

Contra-indications: Hypersensitivity to any of the ingredients, aspirin or other non-steroidal anti-inflammatory drugs (including when taken by mouth) especially where associated with a history of asthma. Not to be used on large areas of skin, broken, sensitive or infected skin, eczema or on mucous membranes. Not to be used on children under 12 years of age. Do not use during the first trimester, during late pregnancy or on the breast area during lactation.

Dosage, method of use and method of administration: Adults, the elderly and children over 12 years of age: Two to six inches (5 -15 cm) to be massaged to the affected area up to four times a day.

The cost (ex VAT) of the advertised pack sizes: Cream - £7.19 per 125g tube. Gel - £7.19 per 125g tube.

Date of preparation: 09/03/2017.

Adverse events should be reported. Reporting forms and information can be found at www.mhra.gov.uk/yellowcard. Adverse events should also be reported to Medical Information on 01484 848164.
